

Solrain

NEW GENERATION
Solar Pro Collection

Sauleda

Solrain are all-purpose acrylic fabrics adapted to withstand extreme exposure both to sun and rain. Water repellency 1.000 mm.

Solrain es el tejido todo terreno adaptado para resistir tanto el sol como la lluvia. Cuenta con una columna de agua de 1.000 mm.

Solrain represents the new generation of all-purpose acrylic fabrics. Adapted to withstand extreme exposure to both sun and rain.

Its UV protection factors and high water column give it all the qualities required of a canvas for outdoor uses.

As a result, it is a fabric that offers many different possibilities and solutions in the following fields: outdoor stands, pagodas, reception marquees, restaurant awnings, terraces, grandstand canopies, ... and in general in any situation that needs extra protection from the rain, and also from excess sun and heat.

Solrain representa la nueva generación de tejidos acrílicos todo terreno. Adaptados para soportar tanto las inclemencias del sol como de la lluvia.

Sus índices de protección UV y su elevada columna de agua le confieren todas las cualidades que deben exigirse a una lona cuya aplicación este ubicada en la intemperie.

Solrain ofrece múltiples posibilidades y soluciones en los siguientes campos: stands exteriores, pagodas, carpas de recepción, carpas de restaurantes, terrazas, cubiertas de tribunas.... y en general en todas aquellas situaciones dónde sea necesario añadir una salvaguarda para la lluvia además de una protección solar y térmica.
